4) The Sub Division Officer states that the area proposed for acquisition comes within the Industrial suburban plot, that there is a proposal to form a workers' colony in the suburban area and that the A Ks who want to construct houses in the land now proposed for acquisition may be housed in the said colony

Chennagi Ramiah Esqr ,

Dear Sir,

Sub Extension of the present
A K colony at Harihar

We have been informed by the Amildar, Harihar that the present A K colony would be extended to the southern - side of same, and for this purpose 3 acres of land should be acquired

In this connexion we beg to state that the Govt of Mysore provided land in 1946 near Majanhalli village for shifting the present A K. Colony and we also paid a sum of Rs 2003 6 0 in 1946 being the cost of the land where this A K colony had to be shifted But later on, this - shifting proposal was dropped and the Govt decided to shift the A K colony to the new Industrial Suburb Area proposed by the Govt Accordingly the land for this purpose in the Industrial Suburb Area was allotted

Thus your honour will see that the present A K colony will be definitely shifted to the Industrial Suburb Area shortly If however, the present colony is extended as proposed now, it will only be expensive to the colony people as they have to again shift to Industrial Suburb Area More over it is likely that these people may get more facilities such as water, light etc in the Industrial Suburb and in our opinion it is advantageous to them to have the colony in the I S area than extending the present one we have confidence that your honour will concur with our opin and kindly pass orders to stop the acquisition proceedings for the extension work

Thanking you, Yours faithfully
